Thunderhill Skills Day Information

Important Information

Please be sure to read all the information in this package

Camping

Camping Saturday night September 19th will be at Thunderhill Track. Your registration fee includes camping at the track. This is grass camping and there are restrooms where you can wash up and there are **SHOWERS**. You can also camp at the Willow Glen Campground (530) 934-3193 which is on Highway 162 about 4 miles from the Track or you can stay in one of the many motels in Willows. **Do not arrive at the racetrack before 5:00pm on Saturday,** Please respect the group who will be finishing their day on Sat.

IN CASE OF RAIN

In the case of the threat of heavy rains the Thunderhill track manager will make a determination as to whether to hold the event. We will attempt to complete this event if at all possible on the scheduled date. If the event is not canceled by the Thunderhill staff there will be no refunds due to weather.

Saturday Evening Registration

There will be a Saturday evening Registration and Tech Inspection at Thunderhill track. **If you plan on being in Willows Saturday evening please come by the track to register,** and if you can leave your bike at the track and go through tech inspection as well. Even if you are not camping at the track Saturday night you can leave your bike there, as we will have a security person from Thunderhill at the track on Saturday night. If you can register and go through tech inspection on Saturday night you will save us a great deal of time on Sunday morning and insure the day gets off to a timely and organized start.

Saturday Evening Track Walk

Saturday evening at about 6:45pm some of our instructors will conduct a walk around the track and discuss some of the finer points about getting around Thunderhill. If you would like to participate bring your tennis shoes and be ready to start at about 6:45pm on Saturday. This is a fun and very informative session.

Sunday Arrivals

If you are planning on driving up to the track on Sunday morning **please be sure to arrive no later than 7:30am.** Sunday morning registration is the most hectic time of the day, yet the most important. If you do not go through registration, tech inspection and orientation you will not be allowed on the track. If you arrive after 8:00 am on Sunday there is a good possibility you will miss the first session.

What you bring to Rider Skills Improvement Day at Thunderhill

YOU
